

I feel the FCC is shinning off on it's reponsiblity to monitor media ownership and programing which serves only one political party as inacted by Sinclair with it "demand" showing of an anti-Kerry film on it controlled stations.

Also, your monitoring of Micheal Savage's Radio show might better serve us. If you fine others for bad language or behavior please listen consistanly to this program for the same thing.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them.

They show why the license renewal process needs to involve more than a returned postcard.

Thank you.
